HOMEARAMA® 2009 Homes All Sold

CINCINNATI – All homes from last fall’s HOMEARAMA® held in the Mason community of Carmelle have been sold, reports the Home Builders Association of Greater Cincinnati (HBA).

Builders participating in the 2009 show included Fischer Homes, K Homes, Drees Homes, John Henry Homes and High Pointe Custom Homes/ Summit Custom Homebuilders.

“This is one of the few times in recent memory that all of the homes have been sold within a year of the show,” said Dan Dressman, Executive Director. “This is exceptional news considering the economic challenges that builders have faced over the last year,” he added.

The HBA also reported that a total of 7 builders will be participating in its CiTiRAMA® urban home show scheduled June 3-13 at Rockford Woods, in the historic Cincinnati community of Northside. Two of these show homes have been pre-sold and two will be LEED certified. The other homes in the show will feature green building components. A groundbreaking will be held on March 18, 10 am, at the site.

The HBA of Greater Cincinnati is the largest local chapter of the National Association of Home Builders (NAHB) in Ohio and one of the top 20 largest HBAs in the country with nearly 1,000 member companies. Visit www.cincybuilders.com for more details.
