Have you ever run for elective office?

What is your educational background?

Please explain your current and previous career (s)

Why are you seeking this office?

What do you hope to achieve if (re)elected?

What should be done in your community to encourage and support new housing development?

Please explain your position on residential development impact fees and property taxes.

Would you support property tax incentives (similar to the City of Cincinnati) as an economic development tool for buyers who build or buy new homes in your community?

Explain your philosophy on planning and zoning. What changes, if any, should be considered?

How can the Home Builders Association of Greater Cincinnati assist you if (re) elected to this position?
